If you use NP's secure online form to make a contribution, or submit a donation or other information by mail or telephone, your name, contact information, and all contributions will go directly to the Nonviolent Peaceforce Development Department. The information you share with Nonviolent Peaceforce will be used only for internal purposes and is protected by our privacy policy. Website privacy policy

When you visit our site, we do not collect personally identifying information about you unless you choose to provide such information to us. Providing such information is strictly voluntary. This policy is your guide to how we will handle information we learn about you from your visit to our Web site.

- **Security**

We take precautions to protect your information. When you submit sensitive information via the website, your information is protected both online and offline.

Wherever we collect sensitive information (such as credit card data), that information is encrypted and transmitted to us in a secure way through Blackbaud software Luminate (LO) and the payment is processed through Blackbaud Merchant Services (BBMS). As a Level 1 PCI service provider and payment gateway, Blackbaud meets the industry's toughest data security standards—providing all our donors with the highest level of protection*.

You can verify that our donation page is secure by looking for a "Verified by GeoTrust" icon at the bottom of your web browser, or looking for "https" at the beginning of the address of the web page.

While we use encryption to protect sensitive information transmitted online, we also protect your information offline. Only employees who need the information to perform a specific job (for example, billing or customer service) are granted access to personally identifiable information. The computers/servers in which we store personally identifiable information are kept in a secure environment.
